To: All Operations. Community Paramedicine and Education & Development staff

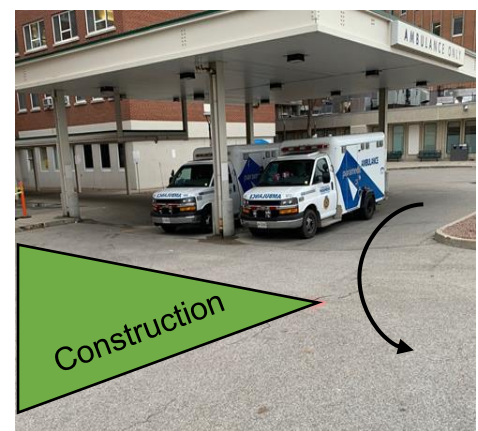

From: Jennifer Chung
Commander, Hospital Liaison Program

Re: Parking Restrictions at Scarborough General Hospital

On December 14, 2023, from 05:00 to mid-afternoon, there will be parking restrictions at Scarborough General Hospital to facilitate concrete pouring. Ambulances parked under the canopy will be unable to exit by driving through. To minimize the impact on parking and vehicle movements, please see the following parking guidelines:

Lanes 1 and 2 – Single ambulance parking only – vehicles should be driven in and reversed out with a spotter (SOP 03.04.27 – Vehicle Backing Up).

Lanes 3 and 4 – Patient unloading zone – ambulances should be moved to additional ambulance parking as soon as able after unloading to ensure access for incoming units.

Additional ambulance parking is located east of the trailer. Hospital facilities staff will be on site to help direct traffic.

If you have any questions or concerns, please speak to your Superintendent.

Sincerely,

(Original signed by)
Jennifer Chung
