

# Fit2Sit

## ETOBICOKE GENERAL HOSPITAL

1

Paramedics and patient enter through the ambulance entrance and continue to the main (public) waiting room

2

Assist patient to the end of the “greeting line” and inform them that once “greeted” they will be instructed on where to sit

3

Provide *brief* verbal report and Fit2Sit Paramedic Report to the next available triage nurse

4

Crew marked Transfer of Care (HTOC)

5

Leave health card and personal belongings with patient

6

Update PTOC status
